7-Night Package

A Go Deep Scuba AFFORDABLE adventure!

Stay at this PADI **5-Star Resort** for 7 nights on the West End of the destination island of Roatan, Honduras with a group led by Go Deep Scuba. This resort offers an intimate dive experience that will leave you with memories of outstanding customer service, great meals, excellent co-traveler camaraderie, and spectacular scuba diving. Not a diver? No problem, this area has gorgeous white sandy beaches and a laid-back local culture for shopping or just relaxing by one of two pools. We will enjoy diving on our own boat with our own dedicated staff for 20 dives. That's right, 20 dives! We'll have our choice of 6 days of 3-tanks and 2 night dives, or if we choose, 5 days of 4 tanks including 2 night dives.

To top it all off, they are providing **Nitrox32 at no extra charge**. Divers must be certified for Enriched Air. Go Deep Scuba can certify you for Nitrox Enriched Air diving for this adventure and all future diving.

Diving Adventures

Roatan offers a wide variety of excellent diving. Drift dive from *Pablo's Place* to the point or to the *Texas* dive site. Enjoy wall diving on the *West End Wall*. Explore the two signature wrecks on the *El Aquila* and *Odyssey*. Dive the *Dolphin's Den* and *Bear's Den*. No trip would be complete without diving at *Mary's Place* and *Calvin's Crack*. These two unique dives are provided at an extra cost by some West End resorts, but not for us. They are included!
